NORTHEAST REGIONAL OFFICE  
One Blackburn Drive  
Gloucester, MA 01930

June 30, 2000

MEMORANDUM TO:           Distribution\*

FROM:                       Fisheries Statistics Office

SUBJECT:                   Summer Flounder, Black Sea Bass, Spiny Dogfish, Scup, and *Loligo*  
and *Illex* Squid Quota Report

Attached are the 2000 summer flounder, black sea bass, spiny dogfish, scup, and *Loligo* and *Illex* squid quota reports. All data should be considered preliminary and subject to change.

In addition to these six species, the weekly Atlantic cod landings report is posted on the Northeast Regional Office web page at the following address: <http://www.nero.nmfs.gov/ro/doc/fso.htm> Beginning May 28, 2000 all seafood dealers issued a federal Northeast multispecies permit were required to report weekly purchases of Atlantic cod through the Northeast Regional Office Interactive Voice Response (IVR) system or the Massachusetts Division of Marine Fisheries IVR system if permitted in that state. Instructions for the Northeast Regional Office IVR system are posted on the web site above.

For the week ending **24-JUN-00**, 263 dealers held a federal Northeast multispecies permit. Of those 263 dealers, 188 (71%) have submitted a weekly quota report for the current reporting week. Because Massachusetts dealers submit weekly quota reports directly to the state, they were not included in these calculations. For the week of June 18– June 24, 2000, there have been 15 dealers who have reported cod purchases through the Northeast Regional Office IVR system and 10 who have reported cod purchases using the Massachusetts IVR system.

Please contact Ted Hawes at (978) 281-9296 or via E-mail at [Ted.Hawes@noaa.gov](mailto:Ted.Hawes@noaa.gov) or Earl Meredith (978) 281-9276 or [earl.meredith@noaa.gov](mailto:earl.meredith@noaa.gov) with any questions regarding this report.
